AUTHENTIC ID | powered by **EPIC** concepts

Know Your Employee (KYE):
Identity Verification Solutions for HR & Recruiting

Confirm the identities of your applicants, employees, and contractors with seamless onboarding and ongoing protection.

Address workforce authentication challenges, combat emerging fraud threats, and implement identity verification solutions to safeguard your business from:

- **Candidate & Recruiting Fraud**
- **Credential Theft**
- **Fake Employee & Remote Worker Fraud**
- **Deepfake & AI Generated Impersonations**

Document verification and biometric authentication technology provides a streamlined way to safely and securely authenticate and onboard users with the organizational access levels you control.

Document / ID Verification

Leverage 100% automated, AI and machine learning to instantly verify IDs with 2,000+ data models, ensuring fast, seamless transactions in seconds.

Biometric Authenticator

Facial biometrics offer fast, user-friendly authentication by matching selfies to ID photos or profile images with high accuracy.

Here's how it works:

Global Document Library
supporting 240+ countries

ID Capture
imaging of the identity document, front & back

Biometric Authenticator
using Face Match & Liveness Detection

Verification In Seconds
with a 98% first-time pass rate

Where Can HR & Recruiting IDV Methods Be Used?

Job Candidate Verifications
Verify applicants identity and credentials, and ensure they are who they say they are and reside where they claim to be.

Self-Service Employee Onboarding
Enables new employees or contractors to verify a broad range of ID documents in seconds, plus provides the ability to extract data on the ID for automatic form fill.

Ongoing Passwordless Logins & Reauthentication
Enroll a user's facial biometrics to enable passwordless authentication (MFA) for the ultimate convenience and security.

Secure Remote Workforce Access
Allows secure access for your remote workforce and protects PII data by removing the need for emailing or faxing hard copies of identity documents.
